

Congratulations!

You are a **Global Warming Warrior**

Now you can print your **Make a Badge Art Project**.

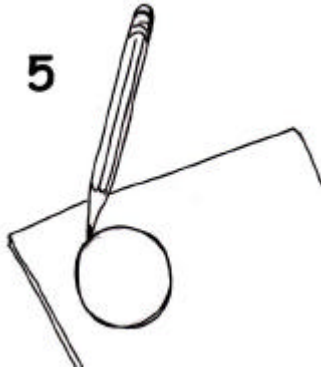

Materials list:

- ✂✂ Printed copy of the badge
- ✂✂ Colored pencils (optional only if you want to color your own badge)
- ✂✂ Cardboard (Or any thick material that can be used as **backing** for the badge.)
- ✂✂ Scissors
- ✂✂ Pencil
- ✂✂ Paste or glue
- ✂✂ Safety Pin
- ✂✂ Masking tape (Or any other heavy tape)

Instructions:

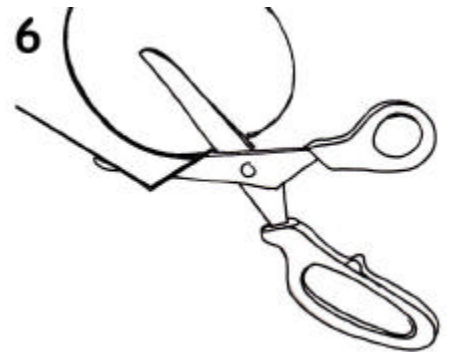

1. Print this art project
2. Choose a badge. Either pick the one that's in color or choose the black and white badge and color your own.
3. Cut out your completed badge
4. Find a piece of card board to use as the stiff **backing** for your badge

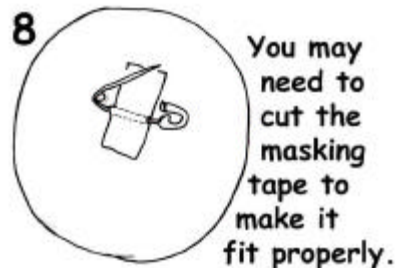

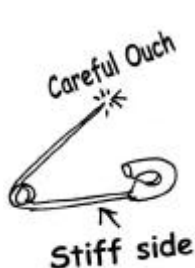

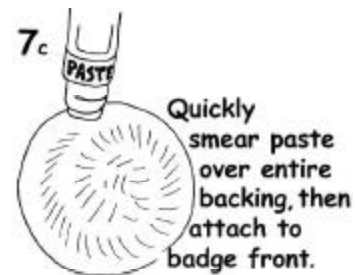

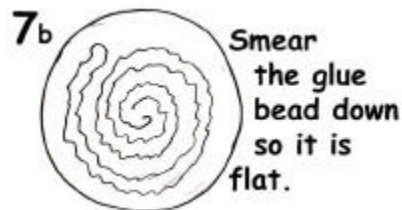

5. Use your cut out badge as a pattern. With a pencil on the cardboard backing draw around the badge.

6. Cut out your badge **backing**.

7. Apply paste or a very thin layer of glue to the cardboard backing. Then attach the badge front to the backing. Let dry

8. After your badge is dry. Carefully open your safety pin, then using a piece of masking tape cut to fit then attach the stiff side of the pin to the back of your badge.

9. Now Global Warming Warrior Wear it proudly!
